HARDY NATIVE PLANTS EVERGREENS AND SHRUBS

1939

NEWMARKET ROAD
EXETER, NEW HAMPSHIRE
U. S. A.

In this catalogue will be found a large list of ferns, orchids, and plants native to the eastern part of the United States. Some of these are easy to grow; others more difficult. The difficult ones become easy if right conditions are maintained. Planting instructions are sent whenever requested. We, also, carry a general line of nursery stock and most any variety of ferns, plants, shrubs, and trees can be furnished. If we do not list the variety wanted, please write and we will let you know at once if we can supply it.

DIRECTIONS TO CUSTOMERS

Our terms are cash with order and prices include boxing, packing, and delivery to our freight office, post office, and express office.

Five of one variety takes the ten rate and twenty-five the one hundred rate.

Discount: All orders received before March 15th with cash will be given a 15% discount and those received before April first a discount of 10%. After April first all orders will be net catalogue prices.

Unless instructions are received as to the way the customer wishes an order shipped, we will ship according to our best judgment, but will accept no responsibility after delivery to the transportation company. If shipment is delayed in transit, claim should be made with the transportation company at once.

We always endeavor to ship stock in a strong healthy condition and true to name. If any should prove otherwise, we will either replace the stock or refund the purchase price.

Our stock is hardy New England grown.
